We provide services to our members and non-members through our business operations like hauling and scrap trading. We haul garbage and recyclables in different establishments, food chains, subdivisions and institutions. We became partners of the City Government to reduce the waste materials through buying the recyclables that can be beneficial not only to the cooperative but also to the members indeed.

Relative to this we also offered Rice Trading, Consumer Store and Concrete Hollow block in effective and affordable prices. From waste specifically the bio-degradable we produce a vermi-compost, an organic fertilizer which can be used in their crop productions and backyard gardening. Aside from our businesses we also support programs and plans of Barangay Council. We rendered community services as part of our social responsibilities.
